

"The Penn Pointer"

BDTHC Quarterly Newsletter – July 2010

The Black Diamond Annual Hunt is approaching rapidly. All the pieces are coming together and our club members are looking forward to seeing all of you there. The hunt attendance is down a little but the enthusiasm is up. Be prepared for fun and SUN.

Some of club members really earned their stripes. A local police department requested our assistance in looking for “evidence” thought to be in a farm pond. The pond was drained just prior to the search. Ninety degrees, ninety per cent humidity, and freshly drained farm pond. You get the picture. No evidence, no coins, no treasure but one heck of a good story.

Finds:

June

July

Coin – None submitted

Dave

Jewelry - Jerry

Lois

Misc. - Joe

Jerry

We look forward to seeing you at the hunt.

Sunscreen and bug spray will be appropriate attire.

Keep hunting.
